This publication is a summary of state and federal regulations concerning the hunting of migratory gamebirds. The actual federal regulations may be found in Title 50, Code of Federal Regulations, Section 20, with some additional regulations in other locations. For additional information on federal regulations contact the Resident Agent-in-Charge, US Fish & Wildlife Service, Office of Law Enforcement, 70 Everett Ave., Suite 315, Chelsea, MA 02150, phone: (617) 889-6616. State regulations may be found in the Code of Mass. Regulations, 321 CMR 3.02(2) and in several sections of Ch.131 MGL. Special regulations may apply on National Wildlife Refuges open to hunting. A violation of state regulations is also a violation of federal law.

HIP Survey Required!

ALL migratory gamebird hunters must register with the Harvest Information Program (HIP) each calendar year. Licensed woodcock, snipe, coot, and waterfowl hunters must complete a HIP survey either on line at mass.gov/massfishhunt or anywhere hunting licenses are sold. When purchasing a state waterfowl stamp, waterfowl hunters are automatically registered with HIP.

An area is considered baited for 10 days after removal of the bait. It is not necessary for the hunter to know that the area is baited to be in violation of this section.

DRESSING - The head and one fully-feathered wing must remain attached to each migratory game bird while it is transported to the hunter’s home or preservation facility.
